Dimitris Gouscos, born 1968, is Assistant Professor with the [Faculty of Communication and Media Studies of the University of Athens](#) and a research fellow of the [Laboratory of New Technologies in Communication, Education and the Mass Media](#), where he contributes to co-ordination of two research groups on [Digital Media for Learning](#) and [Digital Media for Participation](#). He holds a BSc (1990) and a PhD (1998) from the [Dept. of Informatics & Telecommunications of the University of Athens](#).

He has co-ordinated project teams for the [ecoKtima](#) (ecoFarm) project for hybrid pervasive play-based learning, the [Organosi 2.0](#) (Organizing 2.0) platform for self-organized networks for social solidarity, the [Mathisi 2.0](#) (Learning 2.0) initiative for social media in education, the [Milia](#) (AppleTree) platform for digital storytelling (Euromedia Seal of Approval 2011), the [Ilektrodomatio](#) (Electroroom), the Lo and the [Magiko Filtro](#) (Magic Potion) digital games for learning (Comenius Edumedia Medal 2009), and contributed as Programme Chair for the [5th European Conference on Games-Based Learning](#). He serves as Editor-in-Chief of the [International Journal of Electronic Governance](#) and has participated in development of the [TAXISnet](#) electronic public service (eEurope Good Practice Label 2001).

Since 2000 he has taught at postgraduate and undergraduate level in the [University of the Aegean](#), the [University of Peloponnese](#) and the [University of Athens](#) more than 20 courses on digital communication, digital games, participatory media, electronic governance, software engineering and information systems topics, and has provided scientific supervision to 25 master's and 5 doctoral theses.

He has participated in than 10 RTD projects and more than 20 ICT projects and studies and, during 1997-2004, he has worked as special advisor with the [General Secretariat for Public Administration and Electronic Government of the Greek Ministry of Interior, Public Administration and Decentralization](#) and the [General Secretariat for Information Systems of the Greek Ministry of Economy and Finance](#).

He has co-edited the proceedings of 2 international conferences and co-authored more than 90 research papers with more than 480 citations in peer-reviewed conferences, journals and edited volumes. He has organized a number of scientific events and contributes as reviewer in international conferences and journals. His research interests include applications of digital communication in open governance, participatory media, interactive storytelling and playful learning.

He has edited 3 book translations in Greek, speaks English and French and has a basic knowledge of Spanish. Since 2003, he is father of a girl with Catherine Vallet.
